**4711 – ROB & TING WAYGOOD TO ADDRESS COUNCIL REGARDING SUPPORT FOR BETHESDA
CHAPEL ESSENTIAL WORKS**

Rev. Rob & Ting Waygood of Bethesda Chapel had come to Council to ask for support in the essential works needed to keep the Bethesda Chapel building safe for use. Council were advised of the current issues with the building, with the main being external rendering problems which has caused a lot of water damage throughout the structure of the building. The building is of prominent placement in the town and is not only utilised by the congregation, but many other groups and residents. For example, the building hosts the Neyland Ladies Choir, Slimming World, the Neyland Food Bank, Knit & Natter, Dementia Support Group and is also the proud home to the Neyland Men's Shed, with many, many more. Rob & Ting advised that in total, the works required have been split into 3 stages of requirement, with the total at approx. £46,000. The first stage is approx. £20,000, which will be to make the building watertight. Rob & Ting advised that the only income received for the Chapel is from the small congregation and

through fundraising. At present, they have managed to raise approx. £10,000 and have come to Council today to ask for financial assistance and support with fundraising.

Council discussed the issue with Rob & Ting, with all members present agreeing that the building houses a vast variety of occupation for the civic life of the town and that should the town lose the building, there would be no close replacement.

Rob & Ting were advised that due to low numbers of Councillors in attendance at this meeting, a final decision could not be made this evening, but it was agreed that Council would do all they could to offer support, be it financial, support, assistance or advice.

Council agreed to revisit this item at our next meeting when more members were in attendance.
